Ecofrost Inc. is a young Belgian company located in Peruwelz. We specialize in frozen potato products, mainly frozen chips. Ecofrost Inc. was founded by two families: Pol and Dries Vervaeke have extensive knowledge of the raw materials, while Luc and Marc Hoflack have 25 years experience in frozen vegetables. Together they provide a perfect synergy which creates “a new signature in the world of potatoes”.

Since the company’s foundation in 2003, Ecofrost Inc. delivers products to more than 110 countries worldwide. Our R&D department is always ready to try and fulfil the needs of the international clientele. The principles of our young company are trust, flexibility, team spirit, service, quality and customer satisfaction: six points that all our employees always have in mind.
